Mr. Ray Buxton
South Carolina Human Affairs Commission
1026 Sumter Street
Columbia, SC 29201

Dear Commissioner Buxton:

The South Carolina Chamber of Commerce and the state's business community appreciate the job the South Carolina Human Affairs Commission does. Businesses from across the state work diligently every day to make sure their workplaces are free from discrimination. The Commission can always be counted on to provide fast case processing times, a fair process, and prompt communication. Having a state agency, instead of a federal agency, administer the process continues to allow for matters to be dealt with in a timely, fair and efficient manner.

Thank you, your team and the agency for the work you do. The South Carolina Human Affairs Commission plays a key role for South Carolina.

Sincerely,

Ted Pitts
President and CEO
